Re: Notice of Intention to Commence Small Mining Operations, Wilford J. Coombs, The Dunce Project, S/045/047, Tooele County, Utah

Dear Mr. Sensibaugh:

On July 3, 1995, this Division received a Notice of Intention to Commence Small Mining Activities from Wilford J. Coombs. The proposed Small Mining project is located on US Forest Service managed lands located in the NW 1/4 of Section 24, T10S, R6W, SLBM, Tooele County, Utah. Your agency's designated mining claim number for this project is unknown at this time. Pursuant to our joint agency Memorandum of Understanding, your office would be the designated "lead" agency in processing this application.

This letter is to inform you that the Division has evaluated the above mentioned Notice of Intent for completeness. The Notice does meet the requirements of Rule R647-3 of the 1988 Division of Oil, Gas and Mining Minerals Rules, and Title 40-8, et seq., of the Utah Mined Land Reclamation Act of 1975. It is understood that your office, acting as "Lead Agency" will notify the operator accordingly. Please provide us with a final copy of your completeness letter to the operator.

Thank you for your cooperation. If you receive further information or amendments for this operation, please notify us so we will be able to update our files. Please reference our designated file number S/045/047 when forwarding additional information on this project to us.

Sincerely,

Tom Munson
Reclamation Hydrologist
